Dear John,

I am writing to tell you how valuable your crew was to me during our recent remodel.

Whether communicating through email or telephone calls Liz your office manager was very efficient in answering all my questions. You are very lucky to have her

Now to the crew who worked at our home, they performed a miracle. I have never seen an entire remodel performed so quickly. From the floor to the ceiling they were in and out in a matter of two and a half weeks.

Kudos to your team!
